2017 FAUQUIER COUNTY COMMUNITY RESOURCE GUIDE

Produced by the Partnership for Community Resources and Piedmont Publishing Group

A VALUABLE RESOURCE

Welcome to the eighth edition of the free Fauquier County Community Resource Guide which provides a convenient listing of a wide range of the health and human services that provide a "safety net" for the citizens of our county. The Table of Contents reflects the many categories of health and human services provided by this network of service organizations including government agencies, nonprofits, religious groups, and other human service programs and companies in the county. This year, for the first time, the Guide includes a Spanish-language section. The printed version of this Guide is available throughout the county at the many sites listed on the next page. The online version is available at www.fauquierresources.com.

We want to thank the Piedmont Publishing Group whose commitment to community service and expert professional production make it possible to provide this valuable Guide at no cost to the community. The free listings in this guide are for organizations that are providing health and human services. We appreciate the support provided by the many companies and organizations who purchase ads in the Guide.

The Partnership for Community Resources (PCR) creates the Resource Guide each year as a service to the community. If you have suggestions for future editions, please contact PCR via Facebook. PCR is an informal group of staff and volunteers from numerous nonprofit, government, and for-profit human services agencies in and near Fauquier County. "Our mission is to strengthen, support, raise public awareness, and enhance collaboration and communication between…agencies concerning the health and human service needs of our community."

PCR meets at 10:00 a.m. on the first Friday of each month (except for major holidays) in the Sycamore Room of Fauquier Hospital. Typically, at these meetings participants briefly share information about their own agencies (services offered, coming events, needs, etc.), followed by a presentation from one of these organizations highlighting specific community needs and services. Anyone providing services such as those listed in the Guide is invited to attend these PCR meetings.

Please inform your friends and neighbors regarding the availability of this new edition of the free Fauquier County Community Resource Guide.

At Teens Opposing Poverty we work to develop ministries that give youth the opportunity to interact with the people they are serving. When the interaction occurs, everyone benefits. Many youth who participate in TOP's ministries learn to appreciate their material blessings and develop greater understanding of those who are less fortunate than themselves. They also realize that they are doing something important for other people.

The primary purpose of the Fauquier County Parent Resource Center (PRC) is to help families of children accessing special education services get connected with the information and resources they need. Resources are also available to assist teachers and staff. A Parent Coordinator is available for consultation and to refer parents to a variety of resources. We strive to be a partner in education—helping to support collaboration between parents, schools and the community. Advocacy training and information, parent workshops and a lending library are core PRC offerings. Staff

Auxiliary Grants Program. An auxiliary grant from DSS is an income supplement for individuals who receive Supplemental Security Income (SSI) and certain other aged, blind, or disabled individuals who reside in a licensed assisted living facility (ALF) or an approved adult foster care (AFC) home. Payment is issued to an individual monthly, to be used with a designated amount of their monthly income to pay an ALF or AFC maximum monthly rate. This rate is determined by the Virginia General Assembly and is adjusted periodically. Eligibility: Prior to admission to an assisted living facility, an individual must be assessed by an adult services social worker at their local department of social services or another qualified assessor. The individual applying for an auxiliary grant, or the individual's designated representative, should contact an assessor and request the assessment. The department also investigates reports of suspected abuse or neglect of adults with disabilities. See Adult Protective Services in the department listing. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities), call 1-888-832-3858 any time or the office 540-422-8400 during office hours.

The Virginia Department for the Deaf and Hard of Hearing (VDDHH) works to reduce the communication barriers between persons who are deaf or hard of hearing and those who are hearing, including family members, service providers, and the general public. This is accomplished through three programs: Virginia Relay (Traditional Relay Service and CapTel Relay), Interpreter Services (Interpreter Coordination for Virginia Court System and state agencies, and VQAS Screening for Interpreters), and Outreach, who provide direct services to Virginians with hearing loss. Included is the Technology Assistance Program, which can provide assistive technology, such as amplified and captioned telephone, personal amplifiers, signalers with flashing lights or very loud tones, or both. Contact us to find your local Outreach Specialist.

This department of the state government assists people with disabilities in many ways. The Division of Rehabilitative Services offers vocational rehabilitation to assist people with disabilities to prepare for, secure, retain or regain employment. DARS works with many Community Partners and businesses to assist individuals with disabilities in achieving their goals of employment and/or independence. The Woodrow Wilson Rehabilitation Center provides comprehensive, integrated medical and vocational rehabilitation services to enhance an individual's independence and employability. Assistive technology devices, services or accommodations may help consumers live and work independently. The Community Based Services Division administers programs that support individuals with significant disabilities to maximize their independence, employment and inclusion into society. The Adult Protective Services Division oversees local programs that investigate reports of abuse, neglect and exploitation of older adults as well as incapacitated adults. Disability Determination Services (DDS) processes claims for federal benefits under the Social Security Disability Insurance and Supplemental Security Income Disability Programs. DARS also works with federally-funded One Stop Centers to provide workforce services to persons with disabilities.

DSS: FAUQUIER COUNTY DEPARTMENT OF SOCIAL SERVICES

Adult Protective Services (APS)

540-422-8400

Anyone living in Fauquier County who is 60 years or older or who is incapacitated and 18 years of age or older may receive protective services if services are needed, which is determined by a DSS social worker investigating reports or suspicions of abuse, neglect, or exploitation. Adult Protective Services are provided regardless of the person's income or financial resources. APS completes investigations in almost every setting including the home, assisted living facilities, nursing facilities and hospitals. APS does not investigate allegations of mistreatment in jails or prisons. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities) or to get more information about adult abuse and neglect, call 888-832-3858 any time or the Fauquier office 540-422-8400 during office hours

Adult Services

Adult Services coordinates and provides a range of services to maintain safe living conditions for incapacitated or elderly adults. These include assistance with emergencies, home-based companion services, in-home assistance with some activities of daily living, adult foster care and respite care, nursing home preadmission screening for impaired adults, Medicaid community-based care screenings and arrangement of services, help with Assisted Living placement and nursing home placement, and case management for adults who require coordination of services.

Benefits

540-422-8400

Medicaid has several medical assistance programs that pay for health care visits for children and certain adults who are unable to pay for needed services. Covered individuals may be children, pregnant women, people with disabilities or elderly individuals. This is known as categorical eligibility. There are special provisions and several types of coverage for which you may qualify depending on your income, family size and circumstances. Individuals with severe mental illness may apply for Medicaid through Rappahannock Rapidan Community Services at 540-825-3100 as there are specific screening processes for "GAP" coverage. Call 855-635-4370 for more information. Screening for financial eligibility may include an assessment of both income and resources depending on which of the many Medicaid programs for which you may qualify. To apply for Medicaid, go online to www.commonhelp.virginia.gov, call 855-242-8282, or contact your local agency.

Child Care Assistance Program

540-422-8400

This program provides funding to enhance the quality, affordability, and supply of childcare available to Virginia's families. To qualify, you must be a resident of Fauquier County and fall within the income guidelines, and must be working or attending school on a full-time basis. Program goals include providing low-income families with the financial resources to find and afford quality child care for their children, providing childcare to parents trying to achieve independence from public assistance, and promoting parental choice in the selection of child care. It also aims to empower working parents to make their own decisions on the child care that best suits their family's needs and provides consumer education to help parents make informed choices about child care. To apply for child care assistance, go online to https://commonhelp.virginia.gov or call the Fauquier office.

Child Protective Services

540-422-8400

Virginia statute requires social services departments to investigate all reports of possible child abuse or neglect and to arrange protection for children when protection is needed. The purpose of child protective services intervention is to protect children, to preserve families whenever possible, and to prevent further abuse and neglect. DSS encourages anyone who is aware of possible child abuse or neglect to call the 24 hour child abuse hotline: 800-552-7096 at any time. To get more information about a situation you may be unsure meets the definition of abuse or neglect or to report suspicions of abuse or neglect, call the Fauquier office at 540-422-8400 during office hours. An abused or neglected child is any child under 18 whose parent, or any other person responsible for the care of the child causes or threatens to cause, a physical or mental injury (except for an accident), who fails to provide adequate food, clothing, shelter, medical care, or caring support, who abandons the child, who fails to provide the kind of supervision necessary for a child's age or level of development, or who commits, or allows to be committed, any sexual act involving the child.

Children's Services (CSA)

540-422-8400

Services under the CSA may be available to a child who meets at least one of the following descriptions: youth who require private placement for special education, youth who are in foster care or eligible for foster care services, youth who are eligible for services through a Child in Need of Services determination or youth who have significant emotional or behavioral problems and may require services not available from any single agency, require services of multiple agencies, or may be at risk of residential placement. While most of the children who qualify for CSA services are already under the purview of one of the member agencies (Juvenile Court Services, Social Services, Community Services, or the Public Schools) you may call the Children's Services Coordinator at 540-422-8400 to find out if you and your child are eligible for services. Visit http://www.csa.virginia.gov/html/for_parents/for_parents.cfm for more information.

Emergency Assistance

540-422-8400

The department provides limited emergency assistance largely to prevent homelessness. Applicants must be Fauquier residents who are ineligible for federal aid such as TANF, have an emergency need resulting from a recent change in circumstance and meet restrictive income and resource limits. Application can be made by calling 540-422-8400. Visit the website www.fauquiercounty.gov/government/departments/socialservices for more information.

Energy Assistance Programs

540-422-8400

This program has three parts: fuel assistance, crisis assistance and cooling assistance. Each has different application dates: fuel assistance from the second Tuesday in October through the second Friday in November; crisis assistance (for energy related emergencies) from November 1 through March 15; cooling assistance from June 15 through August 15. In addition, the department can help residents access energy assistance programs operated by utility companies, such as Dominion. To apply for energy assistance, go online to https://commonhelp.virginia.gov or call the Fauquier office at 540-422-8414.

Fauquier County Department of Social Services, (FCDSS) provides a wide variety of benefits and services. Benefits include Medicaid and SNAP (formerly known as food stamps) Temporary Assistance to Needy Families (TANF), daycare assistance, energy assistance and emergency assistance. Services include protective services to vulnerable adults and children, preventive services to families with children and vulnerable adults and employment services .Application for benefits is made on-line at https://commonhelp.virginia.gov, or the Fauquier office. Eligibility determination is expedited when application is made on-line. If you wish to apply at the office, it is recommended that you call first. To qualify for benefit programs and services, you will be asked to verify such matters as residency, income and expenses, resources such as bank accounts, insurance, motor vehicles owned, etc. Hours: Monday through Friday, 8:00 am-4:30 pm. Please call to schedule. To report suspected abuse or neglect of a child under the age of 18, call 800-552-7096 any time or the office 540-422-8400 during office hours. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities), call 888-832-3858 or the office 540-422-8400 during office hours.

Foster Care Services

540-422-8400

DSS also provides services to foster children and their foster parents. Foster parents are professional parents who enjoy parenting and are willing to share their home, time, energy and love with children who have special problems. The children range in age from newborn to 18 years. Some have been victimized by abuse or neglect. Some may be physically or mentally challenged; some may have emotional or behavioral problems. Sometimes, as a result of abuse, neglect, abandonment or a death in the family, courts decide that children must be temporarily separated from their families. To find out more about becoming a foster parent, visit http://www.dss.virginia.gov/family/fc/. A child's stay in foster care may be as short as overnight or longer depending on the permanency plan for the child. The goal is to reunite the children with their own families. When this is not possible, parental rights may be terminated and adoption becomes the goal for child. Often foster parents are the first choice for the child's adoptive home. In foster care, the department has legal custody of the child and assumes the ultimate responsibility for the child. A family will receive a maintenance payment on behalf of the child to help with expenses while a child is in their home. Children have medical and dental coverage while in foster care.

Medicaid for Long-Term Care (LTC)

LTC Medicaid covers long-term care in a community-based setting for individuals whose mental or physical condition requires nursing supervision and assistance with activities of daily living. Medicaid requires both a functional and financial screening process prior to paying for long-term care services. A preadmission screening is required prior to admission to a nursing facility or waiver service if Medicaid is expected to provide payment. You may call Social Services to request a long-term care screening. Ask for Adult Services. To apply for Medicaid, go online to https://commonhelp.virginia.gov, call 855-635-4370, or call the Fauquier office. No interview is required but you will receive assistance in completing an application if you call the toll free number 855-635-4370.

Supplemental Nutrition Assistance Program (SNAP)

SNAP (formerly the Food Stamp Program) helps families buy nutritious food and seeds or plants to grow food. The benefits are distributed to families electronically. To apply for SNAP, go online to https://commonhelp.virginia.gov or call the Fauquier office.

Temporary Assistance for Needy Families (TANF)

TANF provides temporary financial assistance for eligible families with minor children in the home, who are financially needy and meet other requirements as well. An interview is required. TANF payments depend on the size of the family; a family may qualify while receiving income from other sources. Applicants must cooperate in naming the parents of all eligible children and help establish paternity. Some individuals qualify for TANF may be required to participate in VIEW, the Virginia Initiative for Employment not Welfare. VIEW participants can earn an income in addition to their TANF benefits but the total income may not exceed the federal poverty level for their family size. To apply for TANF go online to https://commonhelp.virginia.gov or call the Fauquier office.

The Work Place – Career Resource Center

The Work Place is open from 10 am–3 pm and is available to all county residents to assist in finding employment. The Work Place is not an employment agency but encourages independent job search with multiple resources at your disposal. Staffed by the department and Literacy Volunteers of Fauquier it offers the following one-stop services free of charge: job postings direct from employers, various Web pages and local papers, assistance with establishing new email accounts and job search Web pages, computer and Internet access, fax and copy machine use, resume and job preparation assistance by appointment (call 540-422-8422), and referral and registration for free computer classes.

Earth Village Education
703-828-7443
9125 Lake Daniel Road, Marshall, VA 20115
www.earthvillageeducation.org, info@EarthVillageEducation.org
Earth Village Education inspires environmental stewardship, facilitates nature connection, and builds community through dynamic, hands-on outdoor education. Nature connection programs (in the spring and fall) and day camps (in the summer) for children are offered along with a regular schedule of classes and events for families and adults. Topics such as wild edible plants, permaculture gardening, bird language, blacksmithing, tree identification, wool felting, beekeeping, hide tanning, fire by friction, wilderness medicine, and orienteering and navigation, are provided. We work with schools, community centers, home school groups, Boy and Girl Scout troops, libraries, churches, and other organizations to provide programs on ecology, conservation, and sustainability in an engaging deeply with the natural world.

Education programs cover a broad range of activities across all ages groups. Our outreach programs are experiential-learning based, involving field trips, public events, guided tours and internships. K-12 field trips re-establish contact between youth and the natural world. Public community events emphasize outdoor activities to encourage appreciation of, and to stimulate interest in conservation of our local natural resources. Guided tours allow participants to learn quickly about nature and local ecosystems through short, high impact encounters with seasonal species.

Smart Cookie Reading provides one-on-one, intensive, direct academic therapy to children diagnosed with dyslexia or language based disorders. Multisensory Structured Language Therapy (MSLT) techniques founded on the Orton-Gillingham approach are used to teach reading, spelling, and writing. A multisensory approach is utilized to engage visual, auditory, and kinesthetic, pathways in order to enhance memory and learning of written language. Session curriculum is research-based and follows MSLT training, accredited by the International Multisensory Structured Language Education Council (IMSLEC), for working with dyslexic and language based-learning disorders. Smart Cookie Reading provides study skills, academic therapy and ADHD coaching to students in grades 6-12 who need direct instruction. This service is available independent of or in addition to language-based therapy.

EMERGENCY SERVICES

Fauquier County Fire, Rescue, and Emergency Management is dedicated to providing fire protection, emergency medical services, and related life safety functions with fiscal integrity while maintaining a balanced volunteer and career service. The Department of Fire, Rescue and Emergency Management (DFREM) strives to reduce threats to life, safety, property, and the environment of Fauquier County residents through education, prevention, and effective response to fire, medical, environmental, and other emergencies. Fire and rescue services in Fauquier County are divided into two organizational groups: DFREM and the Volunteer Fire Rescue Association (VFRA). DFREM has five divisions: 1) The administrative division provides emergency planning and disaster coordination, as well as coordination of

services supporting the VFRA. It includes volunteer recruitment, orientation and retention, budget preparation, procurement, management, service supplementation with career firefighter, paramedics, insurance and risk management, mandatory annual medical physicals, and human resources support. 2)The operations division consists of the firefighting, emergency medical service and hazardous materials responses. 3) The prevention division consists of fire prevention and life safety, including code enforcement, life safety inspections, fire investigations, plans reviews and hazardous materials cleanup. 4)The training and logistics division is responsible for training and recertification of over 600 career and volunteer members, EMS compliance, mandated exposure control programs, medical direction and quality assurance at all levels. 5) The emergency management division maintains emergency operations, hazard mitigation and hazardous materials transportation plans. This division develops incident-specific plans and coordinates responses to emergencies by mobilizing personnel and resources. This division also facilitates training and exercises, manages long term mitigation and recovery programs following a local disaster, provides public education to citizens and groups, and maintains /operates the Emergency Operations Center.

HOSPICE AND IN-HOME CARE
Hospice care focuses on maintaining quality of life during the last chapter of a person's life. In most cases, it is paid for by Medicare. A physician's referral is required to start hospice care. Several hospices serve Fauquier County; families can choose which they prefer. Hospice provides support to the patient and family by keeping the patient as comfortable as possible, while maintaining his or her dignity and quality of life and allows the patient to remain at home as long as possible. Hospice also serves people living in institutions.

When an individual is stricken with a debilitating disease such as dementia or cancer, families may need in-home assistance. In some cases, a doctor may write a prescription qualifying a patient for in-home medical visits. In other cases, families may turn to a non-medical personal care agency, or to a company that provides both. This section lists the public agencies, nonprofit organizations, and private companies working to meet the wide range of in-home care giving needs.

HOUSING

GENERAL

Fauquier Community Coalition

540-937-4628
The Fauquier Community Coalition (FCC) provides assistance to those in need by connecting needs to resources for local families. The FCC recruits and mobilizes church groups and other volunteers to provide goods, services and information. We work with local agencies to address challenges confronted by citizens in need, including home repairs, clothing and furniture. We provide resource information to families who don't know where to find assistance. The FCC seeks to share information and coordinate efforts between different agencies and individuals working to support folks in need in Fauquier County. Contact us for more information on assistance or to become involved.

Fauquier Habitat for Humanity

540-341-4952; Fax 540-349-2729
P.O. Box 3189, Warrenton, VA 20186
www.fauquierhabitat.org
Fauquier Habitat for Humanity is a local affiliate of Habitat for Humanity International; it serves Fauquier and Rappahannock counties. In partnership with community churches, businesses, volunteers and families Habitat works to eliminate the blight of poverty housing: leaky roofs, no indoor plumbing, kitchen or bath facilities, no source of heat, and other unsafe or unsanitary conditions. Fauquier Habitat for Humanity works in partnership with the community and people in need to build and renovate decent, affordable housing. Families invest hundreds of hours of labor (sweat equity) into building their homes and the homes of others. Fauquier Habitat sells the homes to them at cost, with no profit or interest, to keep the mortgages affordable. Then, homeowner mortgage payments go into a revolving Fund for Humanity that is used to build more houses.

MEDICAID AND MEDICARE
Despite the similarity in names, Medicaid and Medicare are two completely different programs. Contact DSS for Medicaid issues. For Medicare issues, including signing up for Part D coverage, contact Rappahannock-Rapidan Community Services at 540-825-3100 and ask for Poppy Foddrell, Aging Support Coordinator at ext 3427. Medicare is a federal health insurance program for people age 65 or older, people under age 65 with certain disabilities, and people of all ages with end-stage renal disease (permanent kidney failure requiring dialysis or a kidney transplant). Medicaid provides health coverage to low-income children and provides assistance for some low-income adults, such as pregnant women, parents of dependent children, blind or disabled individuals, individuals under hospice care, individuals age 65 or older, or other medically needy criteria. In Virginia, the Governor 's Department of Medical Assistance Services' (DMAS) is the agency that administers Medicaid and the State Children's Health Insurance Program (CHIP). In Virginia we call our children's program FAMIS. Check out www.famis.org to learn more. Call 1-800-772-9996 or contact the Department of Social Services with questions about Medicaid or FAMIS.Medicare Part A Hospital Insurance - most people don't pay a premium for Part A because they or a spouse already paid for it through their payroll taxes while working. Medicare Part B Medical Insurance helps cover doctors' services and outpatient care. Most people pay a monthly premium for Part B. Part D Prescription Drug Coverage - most people will pay a monthly premium for this insurance; private companies provide the coverage. Beneficiaries choose the drug plan and pay a monthly premium. Like other insurance, if a beneficiary decides not to enroll in a drug plan when they are first eligible, they may pay a penalty if they choose to join later. A good, complete, and free Medicare guide is Medicare & you. Available at www.medicare.gov or call 1-800-633-4227 to have a printed copy mailed to you.

RAPPAHANNOCK RAPIDAN COMMUNITY SERVICES

Previously called Rappahannock-Rapidan Community Services Board-Area Agency on Aging, RRCS is a large, multi-faceted agency serving Fauquier and four other counties. Its main office is on Bradford Road in Culpeper but it also runs facilities in Fauquier County, including the senior center and adult day care at the Fauquier Community Center on Shirley Avenue, and Behavioral Healthcare Services on Hospital Drive, as well as Fauquier Bridges. RRCS offers a wide variety of programs to Fauquier residents of all ages, including transportation services for the elderly or disabled, home-delivered Meals on Wheels for seniors, the adult day care program and the Infant Toddler Connection early intervention program. In addition RRCS programs offer protective money management, intellectual disability services, mental health services, and substance abuse services. RRCS operates supportive housing for those with mental illness or intellectual disabilities. In addition to the senior center and its hot meal program, a variety of aging services for seniors are available from RRCS. In particular, the agency has a staff of experienced caseworkers called "aging support coordinators" who respond to calls from seniors and their families and help seniors resolve problems, answer questions, and connect with community resources. In Fauquier County, families may contact Poppy Foddrell, Aging Support Coordinator at extension 3427 for assistance. Call 540-829-6405 for more information.

ESPAÑOL

Bienvenidos a la guía de recursos del condado de Fauquier.

Hemos organizados los servicios locales por sus diferentes temas: líneas directas de ayuda, comida y alimentación, educación y empleo, la ley, ropa y muebles, salud, servicios sociales, transporte, y viviendas. El poder de una comunidad se revela por la diversidad y el ingenio de sus miembros. Esperamos que esta guía muestre que uno no está solo en enfrentar la vida. Estamos juntos en la lucha. ¡Sí se puede!
